All merchandise is guaranteed with regard to fabric, style and size as ordered. Due to the nature of certain dyes and fabrics, some colors may vary slightly in different dye lots. Due to the instability of some dyes, we cannot guarantee fabrics, velvet, cord or satin against fading or transference. Every effort is made to maintain continuity of color and fabric quality in the materials offered. We cannot guarantee trims or cording to match fabric shades. Only first quality fabrics from leading mills are supplied. Due to the instability of some dyes, we cannot guarantee all colors, velvet, cord or satin against fading or transference. Robes should be stored in a dry, dark area on hangers. Sunlight and gas fumes are an enemy to colors and can cause fading in the finest of fabrics.

care instructions will be included in garments. Tassels on stoles are not washable and should be removed before robe or stole is cleaned. Replacement tassels are available for \$1.00 each. Prices listed are subject to change without notice. Prices listed for robes and stoles are based on quantity orders. Please add 10% to orders when ordering less than 4. Cording and other trim may vary from fabric shades.

The garments selected will give many years of pleasure and satisfaction. We have a few suggestions that will prolong the original beauty and freshness of these garments.

1. Polyester fabric is washable. We recommend dry cleaning, especially for robes made with fluting work. Refreshing the robes is infrequently required.

2. Dry cleaning is a necessity for robes and items made or trimmed in satin or velvet, or if tailored in red or maroon with white or light colored trim.

3. Gathered or back opening styles may be washed using luke warm water, mild detergent & gentle cycle. They should be done as a group so they are all washed in the the same manner. Remove before completely dry and place on a plastic hanger. A light touch-up with a warm iron may be needed.
